to join the recent debate on data problem in linguistics this collection of papers provides complex dual purpose analyses at the interface of semantics and pragmatics including historical lexical formal and experimental pragmatics based on several current theories and various types of data taken from a number of languages it discusses object theoretical issues of referentiality scalar implicatures implicit arguments grammaticalization co construction and syntactic alternation in their mutual connections to metatheoretical questions concerning the relationship between data and theory

this volume presents a collection of papers of recent generative research into the properties of phrasal and feature movement which explore these key syntactic phenomena from different angles and across languages the papers advance or build on models of movement which capitalize either on generalized feature movement or on generalized remnant movement both these approaches attempt to develop a restrictive theory of movement aiming at a simplification of the operations of the computational system despite the fact that they are so different technically generalized feature movement and generalized remnant movement both push the theory of movement to the same direction in two important respects a elimination of head movement b elimination of covert movement the book is of primary interest to researchers and students in theoretical linguistics and syntactic theory

this book provides an overview of current k 12 courses and programs offered in the united states as correspondence study or via such electronic delivery systems as satellite cable or the internet the directory includes over 6 000 courses offered by 154 institutions or distance learning consortium members following an introduction that describes existing practices and delivery methods the directory offers three indexes subject index of courses offered by level course level index geographic index all information was supplied by the institutions entries include current contact information a description of the institution and the courses offered grade level and admission information tuition and fee information enrollment periods delivery information equipment requirements credit and grading information library services and accreditation
